

Dedicated by Sam to her baby girl; 'my rainbow after the darkest of storms'

AFTER IT RAINS

Ella: What happens now?
What happens now?
After it rains, what happens now?

Ella: What happens now?
Sophie: We get to move on

Ella: What happens now?
Sophie: We get to grow strong

Ella: What have we done?
Sophie: We've changed our future

Ella: What happens now?
Sophie: In time, he'll be gone.

Ella: What happens now?
Sophie & Charlotte: He gave us nothing...

Ella: Where will he go?
Sophie & Charlotte: ...but pain and heartbreak

Ella: What have I done?
Sophie & Charlotte: We stood together,

Ella: I hope that he knows...
Sophie & Charlotte: forgave our mistakes.

Ella: ...how much I love...
Sophie & Charlotte: We thought we all loved,
Amelia: Good things happen to those who wait,

Ella: ...how much I feel...
Sophie & Charlotte: but felt only pain,
Amelia: and I've been waiting my whole life long,

Ella: What happens now?
Sophie & Charlotte: let's stick together,
Amelia: Sometimes plans fall into place,

Ella: Was it all real?
Sophie & Charlotte: for after it rains
Amelia: ...and sometimes people learn to grow strong.

(Ah)

All:

After it rains
we've seen the storm
and felt the power (power of its pain)

After it rains, after it rains.

After it rains,
Who knew that life comes
with some rain? (a little fall of rain)

After it rains, after it rains.

The light breaks through
and frees us from our chains
(the new ground opens up and welcomes life)

For when the sky has dried its eyes
and kissed the storm goodbye
then we will rise,
after it rains!
