

# SIMON SAYS

**Simon:** People 'round here, they know who's on top.  
There's no question, no doubt,  
when I enter they stop!

They take what I say as the truth, as a fact,  
and it's clear that I'm adored  
by the way that they act.

When Simon says 'the world is flat',  
that 'night is day' so people say,  
when Simon says.

When Simon says 'get back to work',  
'pick up the pace'  
GET OUT OF MY FACE!  
When Simon says.

When Simon says that they're a 10,  
they drop it all and have a ball,  
when Simon says.

They know when I say that I need them  
they'll always be mine,  
and at any given time,  
when Simon says.

When Simon says 'it must be true,'  
he prints it too, and nod they do,  
when Simon says.

When Simon says it breaks the news,  
it bends our views, we take our cues  
when Simon says.

They know when I say that I need them  
they'll always be mine,  
and at any given time,  
when Simon says.

When Simon says.

When Simon says.

When Simon... ....says!
